NHGSA: EXPERIENCE SQUAM CRUISE TESTIMONIALS

11 Jul 2017 11:46 AM | [Kelly Bryer \(Administrator\)](#)

Here are a few more notes from GSAs who cruised with Experience Squam.

What a delightful host and wonderful way to learn more about Squam Lake. It was the first time in over 50 years that I was on the Lake, and first time with a full lake tour. Cindy was marvelous at finding out what we were interested in and then making it happen--how she got the loons, eagle, and osprey to appear at just the right times was truly amazing!! A special experience for anyone who loves this (or any) lake, with a personal touch!! Not to be missed on a vacation in the Lakes Region!!

~Gretchen

What an amazing day on Squam Lakes! Cynthia is so well informed about all the history, secrets spots and knowledgeable about boating on the Lakes. The fact that she is willing to tailor the cruise to the individuals desire is worth noting. The experience and length of time boating is a big plus.

I will centennially be recommending it not only to tourist but family members.

~Maureen

Thank you so much for the opportunity to cruise Squam Lake on your beautiful 23 foot Bowrider. Your knowledge of the lake and its history is incredible. It really makes for a most informative cruise. In addition, your knowledge and enthusiasm for the wildlife of the lake, especially the loons, is contagious. Squam Lake is a special place here in New Hampshire, and you convey that very well. And for film fans, your stories about the filming of the movie "On Golden Pond" are just fascinating. I will be happy to pass on information about your tours to visitors looking for things to do in the Lakes Region.

~Moe
