What a wonderful opportunity to be a part of the NH Camping Show 2018 as a NHGSA volunteer for the NH Division of Travel and Tourism booth. The Camping and RV show is a 3 day event showcasing RV's, ATVs, sporting goods and with over 50 campground/resort owners from NH and neighboring New England States. All organized by the NH Campground Association.

The Saturday 9:30 - 1 shift was a busy time; engaging in conversation with young and old regarding the goodness that this State offers in attractions, camping, boating, sightseeing, sports, State Parks, etc.

A highlight at the NH Fish and Game booth was Conservation Officer Glen Lucas one of the stars of Cable TV's Animal Planet. He was there for pictures and autographs. Just the nicest person. Also Mark Beauchesne, Advertising & Promotions Coordinator who participates at the NHGSA Certification Programs, was informative on Rules & Regs and licensing fees of the New Hampshire Fish and Game.
