

Granite State Ambassadors Shipping and Delivery Policy

GSA Merchandise orders are placed periodically in bulk to our vendor to maintain the lowest price. These dates will be announced in our newsletter and posted on our merchandise catalog page. Once the order has been received in our office (about 3 weeks from the order date), they are shipped or delivered within a week. If items are in stock, they will be shipped and/or delivered within a week.

Online Auction winnings will be shipped and/or delivered within one week from the end of the auction.

All items we sell through our website and that are won during our auction have the option to be delivered to one of our designated pick-up locations throughout the state at no additional charge.

To have items shipped to your home via USPS, additional charges will be incurred. You can select our base-rate shipping cost or ask to be invoiced for the exact amount.
